# FAZZA DWI RIANDY

**UI/UX Designer · B2B SaaS & Cloud Platforms · Design-to-Code**

Bandung, Indonesia | fazzariandy@gmail.com | +62 878-2283-7233 | Portfolio: fazzadwr.site | LinkedIn

## PROFILE

UI/UX Designer with 2 years of experience designing B2B SaaS and cloud infrastructure products for web and mobile. Works across the full path from **user flows and design systems in Figma** to **front-end slicing in React and Vue**, so what gets designed is what actually ships. Redesigned a client dashboard now in production with partners including DewaVPS, ION Cloud, and Nusa Grid. Comfortable working directly with directors and developers to turn business goals into usable, consistent interfaces.

## WORK EXPERIENCE

### UI/UX Designer
**Apr 2025 – Present**

*PT Awan Data Indonesia · Cloud Infrastructure / B2B SaaS*

- **Redesigned the client-facing cloud dashboard**, now in production and used by key business partners including DewaVPS, Frog, ION Cloud, Nusa Grid, and other partner companies.
- Designed end-to-end web and mobile experiences for enterprise clients, including a **cloud monitoring platform** and a **private cloud management system**.
- **Bridged design and engineering** by slicing UI into responsive front-end code, keeping design fidelity intact from handoff through production.
- Built a scalable design foundation with **Auto Layout, variables, and internal documentation**, speeding up design work and keeping brand assets (logos, illustrations, promotional materials) consistent.
- Ran **UI reviews on implemented features**, catching front-end issues and delivering design fixes that improved visual consistency and usability.
- Partnered with directors and developers to align design decisions with business goals and user needs.

### Web Designer Intern
**Mar 2025 – Jun 2025**

*PT Kita Bantu Indonesia · Jakarta*

- Designed **wireframes and interactive prototypes** that let the team validate features early and reduce late-stage revisions.
- Defined UI priorities around high-impact features to sharpen the core user experience.
- Worked closely with developers to ship designs to spec without technical blockers.

## SKILLS

| | |
|---|---|
| **Product Design** | UI Design, Wireframing, Interactive Prototyping, Design Systems, Responsive Web & Mobile, Dashboard UI |
| **UX Research** | User Flows, Personas, Usability Testing |
| **Front-End** | HTML, CSS, JavaScript, React.js, Vue.js, UI Slicing |
| **Tools** | Figma (Auto Layout, Variables, Prototyping) |
| **AI-Assisted Dev** | Claude Code, Codex, Google AI Studio, Antigravity IDE (rapid prototyping & slicing) |
| **Ways of Working** | Analytical problem-solving, attention to detail, cross-functional collaboration, prioritizing within dev cycles |

## EDUCATION

### Bachelor of Informatics
**Graduated 2023**

*Institut Teknologi Nasional (Itenas) · GPA 3.26 / 4.00*

## CERTIFICATIONS

- **Google UX Design Certificate** (Google): UX research, wireframing, prototyping
- **Front-End Developer** (Meta): React.js, Figma, interactive prototyping
- **The Complete 2023 Web Development Bootcamp**: React.js, HTML, CSS, JavaScript
